

# EOTC and Effective Safety Management Systems

2-day Core EOTC PLD for schools seeking to understand and implement good practice processes in EOTC and to embed them in programmes and school-wide safety systems.

## Where and when:

*This PLD is offered each year across a range of locations around the country.*

*Check the website page for current rounds and put your name down to receive direct notification when registrations open for more workshops.*

## Who is this PLD for?

- Schools whose staff have not previously engaged with Ministry of Education guidelines for EOTC. Schools with new staff
- Schools wishing to implement good practice systems, and/ or
- Schools seeking support with implementation and review.

Most benefit is gained when a school can **send at least two people**, including a combination of the senior leadership team, the EOTC coordinator, and a lead practising teacher. Ideally, a third person is a member of the school board.

**ATTENDANCE IS FREE** to school staff and members of school boards through Ministry of Education support.

## Workshop Aims

- To support understanding of key concepts that underpin safe quality teaching and learning across all EOTC environments through an understanding of the Guidelines;
- To provide training on leading change consistent with accepted good practice;
- To build capacity within schools to maximise safety and learning across all EOTC contexts;
- To offer guidance in the implementation of key components of the Guidelines.

## About the PLD

Time: 8.45 am - 4.00 pm.

More than 3 registrations from any one school will only be accepted if the workshop is not full.

Refreshments and lunch are provided.
